**History of Case 3040**

An application for the conservation of the specific name of *Cicada clavicornis* Fabricius, 1794 was received from Dr M.R. Wilson (*National Museums and Galleries of Wales, Cardiff, U.K.*) and Dr M. Asche (*Museum für Naturkunde, Zentralinstitut der Humboldt Universität zu Berlin, Berlin, Germany*) on 28 January 1997. After correspondence the case was published in BZN 55: 93–95 (June 1998). Notice of the case was sent to appropriate journals.

A comment in support of the application from Dr A.F. Emeljanov & Dr I.M. Kerzhner (*Zoological Institute, Russian Academy of Sciences, St Petersburg, Russia*) was published in BZN 55: 237 (December 1998).

The name *Asiraca* Latreille, [1796], and that of its type species *Cicada clavicornis* Fabricius, 1794, were placed on Official Lists in Opinion 602 (August 1961). However, the senior specific synonyms *Cimex aequinoctialis* Scopoli, 1763 and *Cicada quadristriata* Gmelin, 1790 were not then considered.

Proposal (2) in para. 5 of the application (p. 94) was withdrawn from the voting paper, and proposal (3) was emended to record that the specific name of *Cicada clavicornis* Fabricius, 1794 was conserved by the suppression of the names *Cimex aequinoctialis* Scopoli, 1763 and *Cicada quadristriata* Gmelin, 1790.

### Decision of the Commission

On 1 March 1999 the members of the Commission were invited to vote on the proposals published in BZN 55: 94 with the omission of para. 5(2) and the emendment to para. 5(3) noted above. At the close of the voting period on 1 June 1999 the votes were as follows:

Negative votes — none.

No votes were received from Dupuis, Lehtinen, Patterson and Song.

Dupuis declined to vote on the grounds that less than a year had elapsed since publication of the case. [Editorial note. An explanation of procedure followed in sending cases for voting was given in BZN 54: 53–54, March 1997].
